

Technical Data Sheet

Blackfriar Liquid Driers

Blackfriar Liquid Driers are specially formulated to reduce the drying time of most gloss and oil-based paints and varnishes in very cold or wintry conditions.

Performance characteristics –

- Speeds up drying.
- For use in oil (solvent) based decorative paints and varnishes.
- For use in winter or in very cold exposed positions.

Application - Shake the product thoroughly before use. Add up to 56ml of Blackfriar Liquid Driers to 5 litres of paint or varnish.

Limitations - For use in oil (solvent) based paints and varnishes only. Do not use in water based, cellulose, two pack or pliolite masonry paints. Do not add more than the recommended amount of Blackfriar Liquid Driers - excessive addition can lead to wrinkling / shrivelling of the paint film or lead to early failure. Not recommended for speeding up drying of paints in good drying conditions.

Clean Up - Remove as much product as possible from application equipment before washing with white spirit. Do not empty into drains or water courses. Some local authorities have special facilities for the disposal of waste coatings.

Storage - Store in a dry, safe place. Do not store in environments where extreme temperatures may occur. Keep within 5-30°C. Do not store in direct sunlight.

Danger

Contains: Naphtha (petroleum), hydrotreated heavy; neodecanoic acid, cobalt salt.

Flammable liquid and vapour.

May cause an allergic skin reaction.

May be fatal if swallowed and enters airways.

May cause drowsiness or dizziness.

Harmful to aquatic life with long lasting effects.

Keep out of reach of children.

Read label before use. If medical advice is needed, have product container or label at hand.

Keep away from heat, sparks, open flames and hot surfaces. - No smoking.

Avoid breathing vapour.

Wear protective gloves: Nitrile rubber (EN 374).

IF ON SKIN: Wash with plenty of soap and water.

If skin irritation or rash occurs: Get medical attention.

IF SWALLOWED: Immediately call a doctor.

Do NOT induce vomiting.

Store in a well-ventilated place. Keep cool. Store locked up.

Dispose of contents and container in accordance with all local, regional, national and international regulations.

Repeated exposure may cause skin dryness or cracking.

Whilst every effort is made to ensure the accuracy of colour, due to limitations of the print process, colour / finish shown is for guidance only.
