

SPARKLING METALLIC GLITTER

PRODUCT DESCRIPTION

Polyvine unique metallic glitter is a clear finish containing a very high level of light reflecting foil particles that allow the foil to sparkle in the light, introducing a new finish to coloured and metallic sheen coatings. This fast drying metallic glitter is frequently specified for use in hotels, bars and restaurants, theatres and nightclubs, temples and adventure parks - anywhere the highest level of metallic decorative effect is required.

ideal to use on • interior walls • plaster work • picture frames • fabric • mirror surrounds • furniture • wall paper and borders • exterior statues • garden features • ornaments

unique qualities • highly durable • doesn't need protection • lustre finish • water and heat resistant • water based • interior/exterior • doesn't tarnish, ever

Available in silver glitter pink glitter gold glitter rainbow glitter

SURFACE PREPARATION

Ensure the surface to be coated is clean and free from grease, wax or polish

APPLICATION

preparation

Ensure product is well mixed and that all surfaces are clean and free from grease, oil, dirt and contaminants. Seal porous surfaces (including matt emulsion paint).

Roller application: Pour into shallow roller tray. Fully load a smooth, gloss roller and apply evenly using light pressure to achieve an even coverage and distribution of glitter.

Recommendation:

Always try a test area before starting work.

Caution

Do not apply over oil based products. Acrylic coatings may draw stains through emulsion paint. Not suitable for external bare timber.

COVERAGE

8 square metres per litre, 80 square feet per quart

drying time: 1-2 hours, depending on temperature

curing time: Allow 5-7 days before placing heavy objects on surface or allowing contact with water

CLEAN UP

Any equipment used can be cleaned using soap and water before the clear coat dries. Wipe any excess off surfaces with a damp cloth. Any dried deposits will need a paint stripper to remove them.

PACKAGING

500ml, US pint,

STORAGE

Store in unopened containers in a cool dry place away from direct sunlight.

HEALTH SAFETY AND THE ENVIRONMENT

Non-hazardous. Ensure good ventilation. Keep out of reach of children. Contact with eyes-wash immediately with warm water. Remove excess from tools and mixing vessels before washing in warm soapy water. Do not empty containers into drains or watercourses.

The information supplied herein is accurate to the best of our knowledge. Since conditions and methods are beyond our control, no warranty is expressed or implied. You are advised to assess the suitability of the product on a test area before application

Date of issue: January 2019
